ARTICLES

M. Desautels and R.A. Dulos Temperature and phenylmethylsulfonyl fluoride sensitive loss of uncoupling protein in isolated brown adipose tissue mitochondrial membranes 1

H.S. Brand, A.J. Meijer, L.A. Gustafson, G.G.A. Jörning, A.C.J. Leegwater, M.A.W. Maas, and R.A.F.M. Chamuleau Cell-swelling-induced taurine release from isolated perfused rat liver 8

Dieter Häussinger, Barbara Stoll, Stephan vom Dahl, Panayiotis A. Theodoropoulos, Emmanuel Markogiannakis, Achille Gravanis, Florian Lang, and Christos Stournaras Effect of hepatocyte swelling on microtubule stability and tubulin mRNA levels 12

Nandini Ghosh-Choudhury, Martin Butcher, Ed Reid, and Hara P. Ghosh Effect of tunicamycin and monensin on the transport to the cell surface and secretion of a viral membrane glycoprotein containing both N- and O-linked sugars 20

Alain Thibodeau, Xuebiao Yao, and John G. Forte Acid secretion in α-toxin-permeabilized gastric glands 26

Diana A. Averill-Bates, Enzo Agostinelli, Ewa Przybytkowski, and Bruno Mondovi Aldehyde dehydrogenase and cytotoxicity of purified bovine serum amine oxidase and spermine in Chinese hamster ovary cells 36

NOTES

Anna Moszczynska and Michal Opas Regulation of adhesion-related protein tyrosine kinases during in vitro differentiation of retinal pigment epithelial cells: translocation of $pp60^{c\text{-}src}$ to the nucleus is accompanied by downregulation of $pp125^{FAK}$ 43

Yong-Jiang Hei, Xunsheng Chen, Jack Diamond, and John H. McNeill Distribution of MAP kinase, S6 kinase, and casein kinase II in rat tissues: activation by insulin in spleen 49

Krystyna Teichert-Kuliszewska, Bradford S. Hamilton, Mervyn Deitel, and Daniel A.K. Roncari Decreasing expression of a gene encoding a protein related to basic fibroblast growth factor during differentiation of human preadipocytes 54

M. Stio, T. Iantomasi, F. Favilli, P. Marraccini, B. Lunghi, M.T. Vincenzini, and C. Treves Glutathione metabolism in heart and liver of the aging rat 58

Ravi Kothapalli, Najla Guthrie, Milton D.S. Haines, and Kenneth K. Carroll Variations in serum levels of dolichol and its occurrence in human atherosclerotic plaques 62
